FLAG OF THE DAY

FOTD #04

Read Between the Lines

CATEGORY OSINT, Cryptography, Steganography

DIFFICULTY Easy-Medium

DATE 21/09/2026

FLAG FORMAT INFOSEC-SIG{...}

ATTACHMENT avatar.png case014_audio.wav

DESCRIPTION

A profile crossed the desk this morning with half the details missing.

The photo is called avatar.png . No caption, no location, no name attached.

Read the file anyway. The margins, the wire traffic, and something in the recording are each holding a piece of the same word.

Find what's hidden in each one and recover the flag.
